# Logo design

# Branding

## Branding a new School Bus (Spider bus)

This is the most recent of my branding projects  
(Steps taken to accomplish the project)

- Taking photos of the new bus
- Creating spider illustrations using real images
- Creating a yellow mockup with spider illustrations using adobe photoshop
- Collaborating with painting artist to paint the bus using the mockups

Before

After

# Infographics

## BEYOND ST JUDE'S TERTIARY SCHOLARS AND THEIR FIELDS OF STUDY

## Where are employed St Jude's alumni working?

# Multi-page documents

## Books & Newsletter

It's a bit tricky to find a way of including long text projects in a portfolio apart from their multi-page nature most of them are private documents and can't be shared to the public

Luckily for me i have been designing monthly newsletter for the school of St Jude for a little bit over two years now and all of the newsletters are shared in the school's website

Here are the latest three release, **Click on the image to view the PDF version on the website**

January Newsletter

February Newsletter

March Newsletter

# About

---

This is a highly summarised portfolio containing only some of my works that i did over the course of my 5+ years career working for a creative agency, printing company (Digital and Offset) and School with Strict brand guides
